The payment of money dole in place of grain at annas eight & annas six for the I & II class respectively was substituted in the year 1893 with a view to prevent abuses & save trouble to the recipients of the charity. In the year 1896, the number of Langarkhana recipients was fixed at 110 The second class Langarkhana recipients who were in receipt of annas six complained that it was insufficient in view of the high price of ragi. In the year 1897, a uniform rate of annas eight per head per fortnight was fixed. As the recipients of the doles complained that the doles given to them were entirely inadequate owing to abnormal rise in the price of food Stuffs, the Langarkhana committee revised the rate of both dole from Rupee one to

They have now proposed to enhance the above rate from Re 1/- to Rs. 2/- p.m., fixing the maximum number of dole holders at 150. Subject - Increasing the rate of Langarkhana Dole Holders from Re 1/- to Rs 2/- per month

---

Adverting to your letter No L 5761 dated 11-12-1944 calling for a brief note on the history of this institution from the date of its inception etc , I have the honour to state that the management of the Langarkhana with all its funds, accounts, etc , was transferred from the Bangalore Taluk Office to this Municipality in 1885 as sanctioned in Government Proceedings Camp No 103-4 dated the Mysore 6th April 1885 The payment of the money dole in place of grain @ 0-8-0 and 0-6-0 for the I and II Classes - respectively was for the first time recommended to Government by the Board in 1893 with a view to prevent abuses and to save trouble to the recipients of the charity and the said proposal was sanctioned by Government in their order No 2001-2/I B 12-93 dated 3-8-1893.

Then in the year 1896 on the recommendation of the Board, the Government increased the number of Langarkhana recipients to 110 in their proceedings No 3234-5/L B 12-93 dated 3-9-1896 The second class Langarkhana people complained of the high price of ragi in 1897 and the Board in September of that year permitted the payment at the rate of 0-8-0 per head for a few months in case of those who were receiving @ 0-6-0 per head The above temporary arrangement was made permanent by a resolution of the Board dated 28-4-1898 whereby a uniform rate of 0-8-0 per head was fixed for all the classes The same rate of 0-8-0 per head per fortnight is being continued to date, the number of dole holders gradually increasing according to the exigencies of the times

Last year several recipients made oral representations that the doles given to them was utterly inadequate owing to the abnormal rise in the price of food stuffs The Langarkhana Committee considered their representation and resolved at their meeting held on 15-6-1944 to revise the rate of dole from Re 1/- to R 2/- per month thereby fixing the maximum number of dole holders at 150 This proposal was approved by the Municipal Council on 10-10-1944

A statement showing the amount spent during three years and the average number of persons on the roll in every fortnight is appended below

Year	Amount spent for distribution of doles	Average number of persons on the roll for receiving payment during every fortnight
1941-42	2,285-12-0	190
1942-43	1,975- 8-0	164
1943-44	2,686- 0-0	223

I request that sanction of Government may kindly be obtained for the resolution of the Municipal Council
